

The circulation of The Review covers the field like the evening dew; several times larger than the combined newspapers of High Point, being read in practically every home in the city and in the suburbs. Advertisers take notice.

THE REVIEW

"High Point for High Point!" that's the slogan. Keep your money in High Point—trade with High Point merchants; buy everything you can in High Point at all times; that's the foundation for a Greater High Point.

The Review is read and appreciated by that large body of people who buy four-fifths of the goods sold in High Point--the laboring people

EYES

The alarming increase yearly noted in the number of school children suffering with eye strain, is proof enough that the State recognition and regulation of this important profession, Optometry, has come none too soon.

In 1907 the New York World commenting editorially upon the estimate of the school committee that in New York City alone 186,000 children had defected eyesight.

All the more reason why steps should be taken to remedy this physical defect in so vast an army of little citizens. Glasses will often turn a stupid child into a bright and healthy one. To learn with certainty whether or not such need exists it is only necessary to consult a competent Optometrist. Here you get information that you can depend on, and if glasses are needed we grind them in our own shop.

THE STORY OF EUROPE AND THE NATIONS AT WAR.

Allies Going After the Twins in Good Fashion—Germany Fighting Desperately.

The war of Europe goes merrily on with the odds against Germany and Austria. It now looks as if the Kaiser and his ally are up against it and are fighting desperately to escape complete destruction of their armies. Day by day the allies crowd in and are augmented by fresh troops. Looking at it in a reasonable way, the life of the Kaiser and his interests is not one grand sweet song by any means.

London, Sept. 30.—The 19th day of the battle of the Aisne finds the allied armies pushing with all the strength they can bring to bear in their great effort to outflank the German right wing and force it back from its line of communications through Belgium.

There is evidence that this movement is beginning to tell and that unless something unforeseen happens this portion of the German army must fall back to another defensive line.

It is generally concluded by French military men that some important movement soon must be made by the Germans who have found it impossible to stem the advance of the allies, though they offered the sternest and most desperate resistance, sacrificing thousands of men daily.

The German wings appear to be folding back on the center, leaving the sole loophole for a backward movement by way of Bethel.

Russia Will Remain Dry After War
Petrograd, Sept. 30.—An order was issued today that the prohibition of the sale of vodka shall be continued indefinitely after the war. This order is based on the tremendously improved condition of the country since the emperor issued the edict prohibiting traffic in this liquor.

YOM KIPPUR IS THE DAY OF ATONEMENT.

"A Day of Solemn Rest"—Occurred This Year on Wednesday, September 30—Observed as Holiday.

The Day of Atonement, Yom Kippur, the holiest day in the Jewish calendar fell this year on the 30th day of September, Wednesday. The Hebrew date is the 10th of Sishri and the festival is ordained in Leviticus xvi, 29-34 and 28-32, in both passages being styled "A day of solemn rest."

The purpose of the day of atonement is clearly indicated by its name and is intended to complete and crown the work of the penitential season begun on the first of Tishri by finally reconciling the soul with the Almighty. Trusting implicitly in the divine forgiveness, the Hebrew believes that his contrition, if it be really sincere, will atone for him and make him once more at peace with his Heavenly Father. The day is devoted to a supreme effort of penitence and is spent in prayer and meditation.

It is also kept as a day of fast given in each of the two passages referred to above where the expression "afflict his soul" must be understood as synonymous with fasting. The real aim of the day though is the return from the evil too good or in other words, the reconciliation of the individual soul with the eternal right, which is God. All the external elements of the day's observance, its worship and austerities, are intended to promote this supreme purpose. Fasting is to partly serve as a self-imposed chastisement as hunger and weakness tell upon the conscience as they mortify pride before God and come down before in humility and contrition. Taking the worshiper away from such carnal occupations as eating and drinking it accentuates his thoughts upon the needs of his soul.

The Neilah prayers constitute the closing service of the day and here the triumphant note of reconciliation with God sounds clear. The prayers advance in the scale of ecstasy and when the worship of the day culminates in the outburst of the assembled multitude of Israel's great watchword "Hear, O Israel, the Lord is our God, the Lord is One" and its accompanying phrases, "Praised be the glorious name of His kingdom forever and ever," the whole closing with the stirring confession spoken seven times, "The Lord is God."

Services were held by the Hebrews of this city starting Tuesday evening at sundown and on Wednesday morning at sunup.

MARRIAGE OF POPULAR COUPLE.

Miss Hallie Davis and Mr. Clarence Pierce Plight Their Troth Sunday.

The announcement of the marriage of Miss Hallie Davis to Mr. Clarence Pierce Sunday morning will be read with interest by their many friends. The ceremony was performed at the home of 'Squire' N. W. Beeson, at eleven o'clock and witnessed by Miss Lena Wrightenberry and Mr. Everett Davis, aunt and brother respectively of the bride.

The young people had been ardent admirers of each other for sometime and it had been whispered about that cupid would soon let loose the arrow from his trusty bow, not stopping in its flight until hymen's altar was reached, but few knew it was to occur Sunday morning. The young people decided to have no formal function of the affair and forthwith, and with the consent of both families, drove to Mr. Beeson's home and were made man and wife.

The bride is the eldest daughter of the splendid household presided over by Mr. and Mrs. A. C. Davis, who are possessed with the qualities that make the best citizenship in every respect. She is a young lady of the highest integrity and honor and all who know her are her constant friends and admirers.

The groom is a son of Mr. Alfred Pierce, who lives two miles north-east of the city, and who is well and favorably known. He is a young man of exceptional qualities and every one has a good word for him in his new relations in life.

The young couple after being "made one" attended services at the M. P. church in Mechanicsville and then returned home where they received the congratulations of their friends and relatives who had gathered and partook of a fine dinner. At night the editor and his family were guests of the home and such a supper—it was fit for a King. We are not going to make an attempt to enumerate for it would be useless. We did justice to the occasion, however.

At the home when we arrived were the father, mother and brothers of the groom, Mrs. Guyer, the wedding party and several others we can't recall, in fact there were thirty who ate dinner at this hospitable home, situated just four miles from High Point, on the hill at the end of the macadam road, going north.

The bride was the recipient of a number of presents by her friends. Congratulations and best wishes.

A PLEASING OCCASION.

An interesting and enjoyable event was the annual dinner by the Daughters of the Confederacy to the U. C. V. of High Point Camp 1693, in the Simmons store room, South Main street, last Thursday.

The Carnival band furnished music for the occasion. Miss Irene Paylor was made recording secretary by a unanimous vote, Col. D. H. Milton casting the vote in a very appropriate talk. Miss Helen Brockett is sponsor for the camp, and received her regalia at this meeting, which she will wear at the reunion in Richmond.

CHEAPER FIRE INSURANCE.

By providing excellent fire facilities in the way of pumps, reservoirs, good pressure of water and a partly paid fire department High Point's insurance rate will be decreased considerably. In fact it is figured that between \$13,000 and \$15,000 will be saved annually under the new order of things which goes into effect today.

The Manufacturer's Club last night gave a reception complimentary to the school faculty. Hood's Orchestra of Greensboro furnished the music.

HAVE ENROLLMENT NEAR 2,000 MARK.

The city schools opened Monday with an enrollment near the 2,000 mark. The high school has nearly a 200 enrollment and the class which will furnish the graduates next spring numbers forty. W. M. Marr, formerly of Waynesville and Elizabeth city, is the principal of this school as well also of the thirteen grammar and primary grades in the same building.

The principal of Elm street school is W. G. Speed, and of the Park street and third ward schools, Miss Emma Blair and Miss Ada Blair, respectively. The \$50,000 spent on school buildings last year has provided sufficient room, not only for this year but for several years to come.

BAND AWAKENS SENTIMENT.

It was one day last week when the Italian band was here, the time after dinner. The band struck up the national anthem of Italy followed by the Marseillais of France. The mind became receptive to the music and we could see the smoke of battle, hear the roar of cannon, the din of the artillery and the clash of the infantry as the war clouds hovered over Europe, could see the dead and dying, the pallid faces of those who had followed the battle-scarred flags of their native countries, of the awful results of a war now raging, of the still more terrible results to follow, of the oppression of the people—but here suddenly the band struck up "Hail Columbia, the Gem of the Ocean" and quickly "America—My Country 'Tis of Thee, Sweet Land of Liberty," and our breast swelled with pride to feel that we were living in the land of the free and the home of the brave. Oh, what a contrast to the countries of Europe. Even the music was prettier and played with a lighter heart by the Italians even. Then the medley closed with Yankee Doodle and Dixie, thus uniting them all into one grand union, America, the home of all Americans, Yankee Doodle of the North and Dixie of the South, no North, no East, no West, no South, but now all one united people, living in peace.

About 30 guests enjoyed the club meeting given by Miss Linnie Mann last Friday. Rook was the game of the evening. In the refreshments served there was found in the center of the sandwiches something not to be eaten. It was found to read "J. A. A.—N. K. October." It was the dainty and unique announcement of the engagement of a popular young couple, Miss Nan Kearns and J. Allen Austin. The wedding will take place in October.

Deputy Sheriffs J. H. Shaw and W. J. Weatherly Monday night arrested John Henry Lax, a young negro, charged with cutting Ed. Barnes, another negro, Sunday night. Barnes, who received three gashes across the abdomen, was at the home of his assailant's father unable to move, and his condition is said to be critical.

The trouble occurred after services at a negro church, located near the fair grounds. Lax and his father's family had gone to church in the family wagon, and following the service had some words with Barnes. He followed the wagon on his bicycle and overtook it.
